

# TAREPEATER

Repeating keypad for TACÓRA series fire detection control units

## Data sheet

Model	TAREPEATER
Product code	ACATARP00100
Features	
Type	Repeating keypad for TACÓRA series fire detection control units (versions 4.0 and higher)
Connections	Internal terminal board PCB, power supply and RS485 serial line
Signalings	LED of different color, LCD with specific message, internal buzzer
Operating temperature	-5°C / +40°C - 93% U.R.
Dimensions and weight	W 312mm X H 176mm X D 40mm, 1.205 gr
Power consumption @DC24V	Idle state 24mA In alarm 18mA LIV2, with white backlight 30 mA
Power supply	DC24V supplied by the control unit or from remote power group
Certification	Certified CPR 305/2011 (ex CPD 89/106/EEC certification) EN54-2 with the TACÓRA system

## Main features

- Repeating keypad via RS485 serial bus for TACÓRA series fire detection control units
- All the messages and all the control units status are reported in real time on the display and on the LED
- Each control unit can be connected up to 2 TAREPEATER
- Certified CPR 305/2011 (ex CPD 89/106/EEC certification) EN54-2 with the TACÓRA system
