

RFPLI

LED optical repeater suitable for surface mount or flush mount installation

Technical data

Model	RFPLI
Product code	AVSOARP00800
Type	LED optical repeater with fixed red light
Compatibility	It can be connected to analogue-addressable (AS, IE and Evolution loop) and conventional fire detectors
Installation	It is suitable for surface mount (with a supplied adaptor) or flush mount installation
Material	ABS
Colour	White
Housing dimensions and weight	Diameter 34 x H 22 mm, 6 gr
Adaptor dimensions and weight	Diameter 31 x 20 mm, 5 gr
Connection	Two wirings
Power consumption	11mA
Power supply	From DC3V to DC40V

Key features

- LED optical repeater with fixed red light
- It can be connected to analogue-addressable (AS, IE and Evolution loop) and conventional fire detectors
- It is suitable for surface mount (with a supplied adaptor) or flush mount installation
- Power consumption: 11mA
- Power supply: from DC3V to DC40V
